Sponsorship Opportunities

What We Do

Since 1993, the Foundation has partnered with the community to enhance local health care services. By harnessing the power of volunteers and the generosity of donors, we elevate the health and well-being of our community. We build relationships with individuals and community partners to raise funds to enhance health care services provided at the Leduc Community Hospital and the Public Health Centres in Beaumont, Leduc and Thorsby. We also promote the programs and services of these facilities.

Why We Do It

Our efforts are focused on supporting much-needed health care programs, specialized equipment and innovative projects that elevate health care and wellness. From a microwave in a family lounge at the hospital, to palliative care initiatives, medical unit enhancements or state-of-the-art high-tech equipment such as the CT scanner, no need has been too big or small.

Why do we do it? Because we all want a community where individuals and families are healthy and thriving.

**OUR GOAL
\$30,000**
